

CES Pre-Training Resources

Facilitation

Book: "Unlocking the Magic of Facilitation"

<http://www.facilitationmagic.com/>

Article: "Eight Key Elements for a Successful Activity"

(This website is chock full of facilitation tools, tips, and deeper-dive resources!)

<https://bit.ly/EightKey>

Public Lands & Climate Change 101

Talking Points: <https://bit.ly/ClimateTPs>

PowerPoint Recording: <https://bit.ly/ClimatePL>

Katharine Hayhoe, Ted Talk:

"The most important thing you can do to fight climate change: talk about it"

<https://bit.ly/HayhoeTT>

North American Intergovernmental Committee on Cooperation for Wilderness and Protected Areas Conservation (NAWPA):

"North American Protected Areas as Natural Solutions to Climate Change" <https://bit.ly/NAWbroc>

U.S. Global Change Research Program:

"Fourth National Climate Assessment, Chapter 24: Northwest"

(If you are pressed for time, check out the executive summary.)

<https://nca2018.globalchange.gov/chapter/24/>

Forests & Climate Change

Talking Points: <https://bit.ly/ForestsTPs>

Frontiers in Forests and Global Change:

"Intact Forests in the United States: Proforestation Mitigates Climate Change and Serves the Greatest Good" <https://bit.ly/IntactFor>

Science on Tap lecture (Podcast), Laurie Wayburn from the Pacific Forest Trust:

(Extremely knowledgeable! Great accessible comparisons and humor.)

"How Forests Can Help Stop Climate Change"

<https://viaproductions.org/episode-31-forests>

Danna Smith (Co-founder of Dogwood Alliance), Ted Talk:

"US Forests and the Climate Emergency"

(Although the focus is on the Southeast, her storytelling style and content are powerful.)
