Pacific Northwest Invasive Plant Council's EDRR (Early Detection Rapid Response) Survey Form

Please return completed form to PNW IPC, University of Washington, Box 354115, Seattle WA 98195 OR e-mail to pnw.ipc.org@gmail.com OR submit field survey information ONLINE at: http://www.eddmaps.org/west/ (use PNW IPC EDRR Survey Form portal on EDDMapSWest page)

*Land Ownership (e.g., Olympic National Forest, DNR, USFS)

*County (e.g., Clallam)

* Name of area surveying (e.g.,The Brothers Wilderness Area)

*Name of Surveyor(s): list all participants

*Trail or Site Name:

*Total Miles of Trail Surveyed:

*Survey Date:

Wilderness Area?: Yes or No (circle one)

Total Area Surveyed: (acres, If known)

Trail Start Point (Lat/Long) GPS or get coordinates from EDDMapSWest:

*Volunteer Hours: (survey hours = total travel time to and from site + survey time in field + data entry time multiplied by (x) the number of surveyors)

Travel Miles: (driving distance to/from site)

Survey Notes:

* Required fields

*Plant Name (e.g., shiny geranium or *Geranium lucidum*) [At least one photo required for verification]	*Plant Location Latitude DATUM NAD83 or WGS84 in decimal degrees (e.g., 47.57982)	*Plant Location Longitude (e.g., -122.32482) No GPS? Use "Map it" function on EDDMapSWest	*Plant Growth Stage(s) (circle all stages that apply)	*Total Area of Infestation (record units e.g., sq. ft., acres)	Method if Controlled (e.g., cut flower/fruits, pulled plt.)	*Habitat (e.g., forest, riverbank, roadside)	Notes (e.g., if controlled how much area and/ or # of plants did you treat, is plant dead?, other observations?)
			Veg Bud Flower Fruit Releasing Seed				
			Veg Bud Flower Fruit Releasing Seed
