

# GRAZING AND RESTING OF PASTURES:

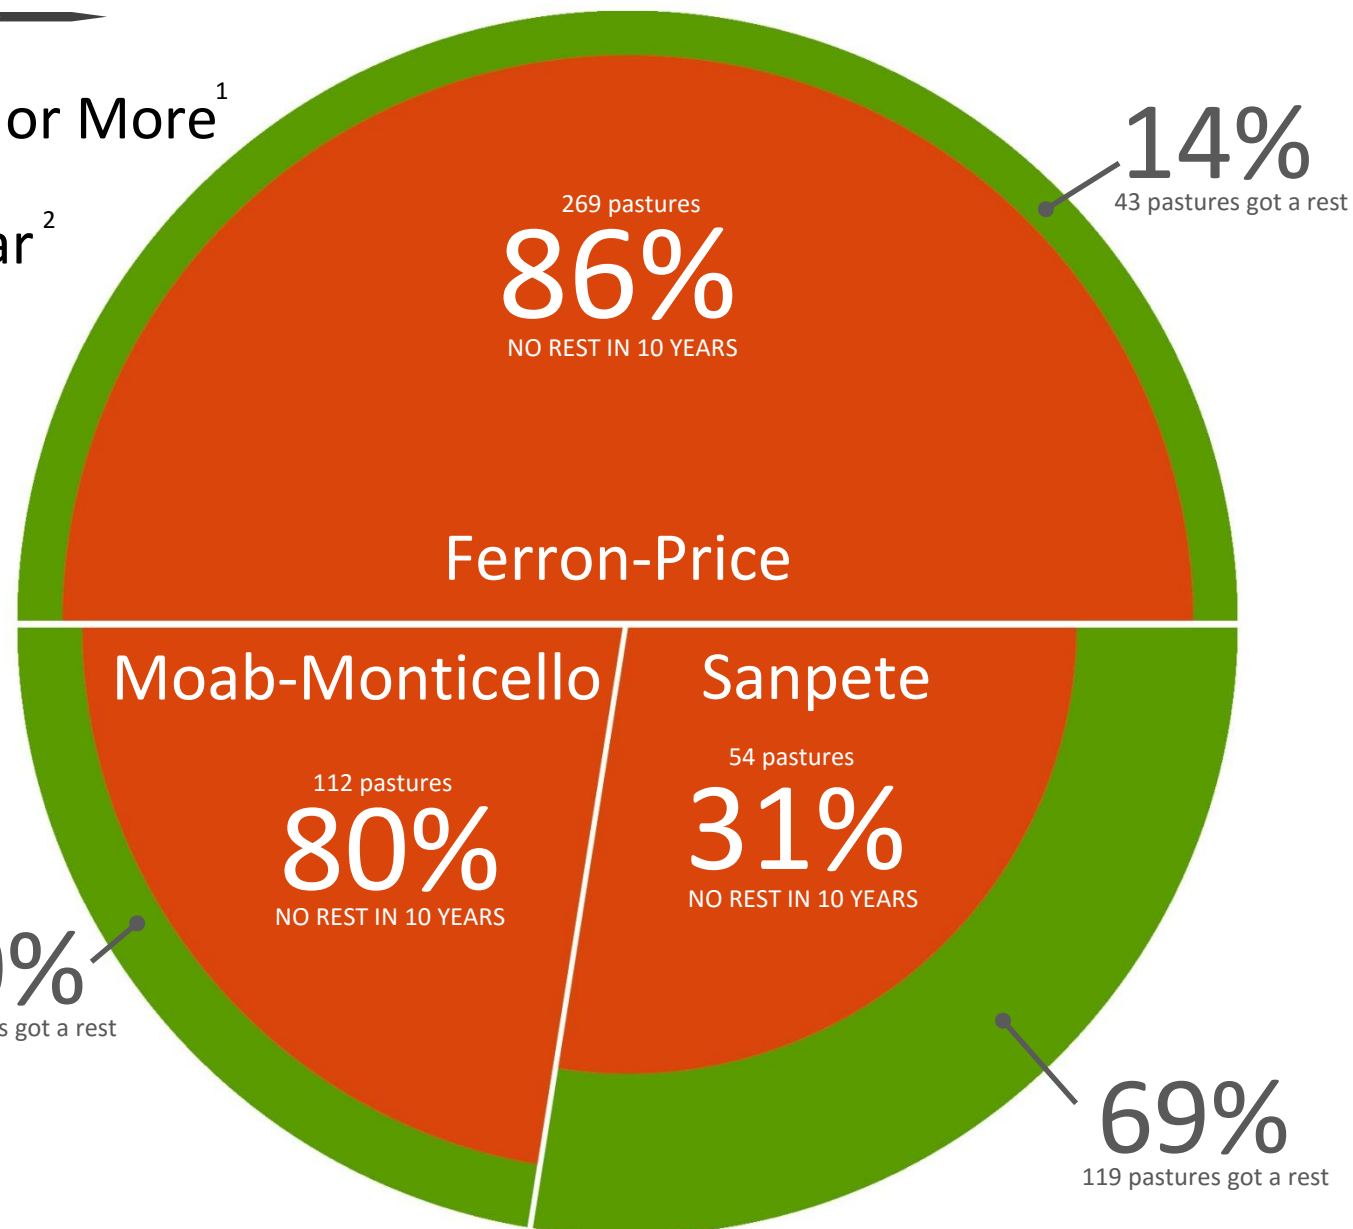

## MANTI LA SAL NATIONAL FOREST

2007~2016

 Rested One Year or More<sup>1</sup>

 Grazed Every Year<sup>2</sup>

*70% of the pastures in the Manti-La Sal National Forest received no documented rest years in the past 10 years.<sup>2</sup>*

GRAND CANYON TRUST

Data compiled by Rachel Ruckman and Jonathan Barth from Annual Operating Instructions posted annually by the Manti-La Sal National Forest.

- 1 Every year for which there was Annual Operating Instructions data available indicating grazing.
- 2 Only rest years scheduled by the Forest Service were counted. Non-use due to fire, or personal non-use, was not included in the data.
