

## **Pebble Mine Follow up Resources:**

### ***Native Voices (The United Tribes of Bristol Bay are against this project!):***

<http://www.utbb.org/about> Support them: <http://www.utbb.org/support-us>

[https://www.youtube.com/watch?v=YxNuVJ\\_2iiw](https://www.youtube.com/watch?v=YxNuVJ_2iiw) (The movie that I showed clips from, We Can't Eat Gold (48 min)):

The United Tribes of Bristol Bay testimony before

Congress: <https://www.congress.gov/116/meeting/house/110065/witnesses/HHRG-116-PW02-Wstate-HurleyA-20191023.pdf>

### ***If you read only one thing related to this being a bad project (or send along to others):***

<https://www.adn.com/opinions/2020/01/12/ive-worked-in-mining-for-decades-pebbles-environmental-impact-statement-is-fatally-flawed/>

### ***Active Petitions:***

<https://act.nrdc.org/letter/4962-pebble-mine-200515?>

(This is a petition to primary investor Morgan Stanley; I would suggest highlighting the questionable profitability of the mine in this petition).

### ***Recent Developments:***

<https://www.ktuu.com/content/news/Change-in-Pebble-preferred-alternative-shifts-access-rights-to-mine-opponents-570755761.html?fbclid=IwAR1svpvFgbV-z2VJ3Y1apXBXSZ4-LjQvBxiq5WdacOLsTPuHkSVNdIH5CM0>

*(This may be an important development related to native rights and blocking the mine, it outlines that the new preferred alternative would need an easement on native owned land)*

<https://www.alaskapublic.org/2020/05/20/the-airwaves-are-so-crowded-now-opponents-of-pebble-and-other-alaska-developments-struggle-to-gain-traction/> *(If you share a 2<sup>nd</sup> thing, this is a good one. It shows that Pebble fully intends to develop the entire ore body even though they claim otherwise).*

### ***Questionable Profitability***
